About me

I am a first-year student at the University of Liverpool & a self-taught Software Developer. I wrote my first line of code when I was 14 and since then, I have developed and designed, CLI, GUI apps & games, websites, browser and app extensions, contributed to numerous open-source projects, and more. I have built projects for operating systems including MacOS, Linux, Windows, Android and IOS. Almost all of my projects are open-source and available on github.com/VirejDasani

I have also started making videos for my YouTube channel: <https://youtube.com/Virej>, and I recently passed 1 Million video views.

My Tech Stack

Advance

Python
Java
JavaScript
TypeScript
HTML
CSS
Node JS
React JS
Electron JS
Android SDK
Material UI
Bootstrap
Figma
Unity Engine
Git / GitHub
Linux
Vi / Vim

Intermediate
